

## GROWTH **PATH** DISCOVERY

Includes a **20-point assessment**, **75 minutes of dedicated talk time** with follow up and an **in-depth review of any single sales piece**.

We break down your current business operations and hash out the key actions you should start, stop and continue to stay alive, expand or grow.

At the end of this session, you will know which growth stage your organization is currently in (out of 4 in the VentureWalk 8M Process) and what you can do to take advantage of the opportunities at hand.

You walk away with an mp3 recording (for phone sessions, only), recommendations for your sales material and your very own 30 day action plan (your pathway) to grow your business on your own terms.

**You want it all, now. But you need specific, simple steps to get started on the right foot or to make that long-awaited move into a better direction. The Growth Path Discovery is that step.**

**“Desiree is the go-to person for small business owners. Her expertise, when followed, brings results. Her sound advice helped me create a steady monthly income, increased my productivity through better task management and allowed me to return to loving business rather than enduring it. I highly recommend Desiree as a business consultant and coach.” - Michelle Cullison, Daystar New Media**

**For more information, schedule a no-cost 20 minute Get-2-Know-You session with Desiree H. Young at [www.book.venturewalk.com](http://www.book.venturewalk.com).**
